

## Our clients will tell you ...

At the Workers Health & Safety Centre we work with clients employed in a variety of workplaces, including those from:

- The small business community to medium and large corporations;
- Major urban centres to the remotest of communities; and
- All public and private sectors of the economy.

Working together, we ensure the learning you need takes place when and where you need it.

*"With our just-in-time production schedules, I often need training coordinated fairly quickly — the WHSC makes this happen. I appreciate this — I have no reason to look elsewhere for training services."*

Andre Deveau  
Environmental, Health & Safety Coordinator  
**Ventra Plastics**, Peterborough

*"Our first call was to the WHSC. The training was specific to our needs and addressed our specific workplace hazards. The cost was very reasonable, the outcomes immeasurable."*

Cindy Homer  
Registered Nurse  
**Two Rivers Family Health Team**, Cambridge

*"We have a newly formed joint committee and wanted to get all members on the same page with respect to our roles and duties. WHSC training certainly helped us to achieve this."*

Wayne Shipley  
Manager, Training  
**Ministry of Colleges and Universities**

*"I have no hesitation taking WHSC training again or recommending it to others in our industry. In fact, I look forward to Certification Part 2. It will focus specifically on the issues we face in the hospitality industry."*

Kim Shields  
Front Office Manager  
**Holiday Inn Express and Suites**, Bowmanville

*"The content was great. Even more important, the WHSC instructor helped keep the learning environment fun and engaging. We will definitely use the WHSC as a training service provider again."*

Pat Miller  
Benefits Supervisor  
**Orkin/PCO Service Corporation Canada**

*"As a non-profit organization, having reasonably priced training, like the WHSC's, means we can fulfill our core mission and meet government requirements in a cost-effective way."*

Jessica Busi  
Program Manager, Summer Jobs for Youth Program  
**New Beginnings**, Windsor

.../over

*"With our employer we identified a list of hazards we wanted addressed in the training. The WHSC's sector program completely met our needs in fulfilling our Certification Part II training."*

Vince Laurier  
JHSC Worker Co-Chair  
**Metro West Detention Centre, Toronto**

*"We recognize the important roles our supervisors play with respect to the safety of our employees. The one-day WHSC Supervisor training was exactly what we needed. It is our intention to provide this training to new supervisors in the future."*

Darlene Belliveau  
Director of Finance and Administration  
**Alpha Court, Thunder Bay**

*"The employees were extremely pleased with the training. Even those who've been employed here 30 plus years told us they learned a lot. This type of feedback speaks volumes about the effectiveness of this training."*

Julia Anastasiei,  
Health & Safety Manager  
**Ontario Place Corporation, Toronto**

*"WHSC training delivered in our workplace on our schedule was very convenient and extremely effective. We will definitely contact the WHSC when future training needs are identified."*

Merima Smailagic  
Plant Accountant  
**Smartboard Building Products Inc., Markham**

*"We use WHSC courses in our apprenticeship programs. Our members like that they learn the basics in the classroom, but then put them into practice right afterwards on site."*

Nick Ciccone  
Training Director & Apprenticeship Co-ordinator  
**LIUNA Local 837, Hamilton**

*"In my experience, joint committee members with the benefit of Certification Training are more prepared and motivated to get involved. It only makes sense then to offer this training to all committee members."*

Jill Ross  
Worker Co-Chair, Joint Health and Safety Committee  
**London Health Sciences Centre**

*"With Ontario's workplace violence laws being so new we wanted more clarity and direction. The WHSC training was money well spent. We are definitely better prepared to not only get in compliance with the law but stay in compliance moving forward."*

Christine Hincks  
Administrative Supervisor  
**PFM North America, Newmarket**

*"We asked WHSC for a second time to deliver on-site forklift operator skills training. It's convenient, less costly and generally less hassle. We plan to have the WHSC return to deliver propane training too."*

Jim Porritt  
Manger of Rides and Attractions Maintenance  
**Ontario Place, Toronto**

*"WHSC in-house training worked really well for us. Our supervisors loved the instructor and thought the program was fantastic. We would recommend WHSC training to others."*

Nancy Morais  
Office Manager  
**Asbury Building Services, Toronto**

*"We can see where the WHSC WHMIS training is taking effect. We work with a lot of different cleaning products and our employees now understand how to read labels and when not to mix certain products."*

Sonia Paniche  
Vice President  
**JMCC Cleaning and Maintenance, Toronto**

*"My workplace is a new facility so we are starting with very little in the way of health and safety. WHSC training has prepared us to go back to our workplace and get the ball rolling. I highly recommend WHSC training."*

Bayley Mitchell  
Occupational Therapist  
**Northumberland Family Health Team**

*"We continue to use the WHSC because we can see the impact the training is having at our school sites. With WHSC training, health and safety representatives are asking the right questions."*

Lynn Gurzi  
President/Chief Negotiator  
**Halton District Education Assistants Association**
