

UNBEATABLE OFFER

Deeply discounted and even free WHSC training programs.

NOW AVAILABLE TO ALL IN ONTARIO.

Need better access to quality workplace health and safety training? Has cost been a barrier? If so, check out our limited time offer.

Workers Health & Safety Centre (WHSC) is Ontario's official government-designated health and safety training centre. We provide essential high-quality training to workers, their representatives, supervisors, and employers, in public and private sector workplaces of every size, industry, and region of the province.

With one-time funding from Ontario's Ministry of Labour, Immigration, Training and Skills Development, we are determined to support as many new and existing clients as possible with our unbeatable training offer.

LOW-COST OPTIONS

Until March 31, 2024, or once funding for this offer runs out, WHSC is scheduling essential training, some of which is legally mandated, at deep discounts. These scheduled options are ideal for training one or a few learners. But whichever option(s) you choose, be assured all participants will learn from a WHSC-qualified instructor alongside other learners in highly interactive sessions.

BENEFITS OF QUALITY HEALTH AND SAFETY TRAINING

As well as meeting legal training obligations, effective health and safety training can help:

- ▶ Workplace parties understand and carry out their legal rights and duties.
- ▶ Support the effectiveness of joint health and safety committees and representatives.
- ▶ Ensure worker and supervisor competency.
- ▶ Bolster overall workplace prevention programs.
- ▶ Reduce work-related injury, illness, and death by identifying and controlling workplace hazards.
- ▶ Promote physical and mental worker well-being.

WHAT QUALITY TRAINING LOOKS LIKE

All WHSC courses, whether delivered virtually or in-person, are led by highly qualified and experienced instructors helping to ensure critical learning is achieved. All courses are delivered using adult education techniques where highly interactive sessions ensure participants build upon their collective experiences of the workplace to devise real-world strategies for safer, healthier work.

For virtual classes, participants need access to a high-speed internet connection and a computer with a functioning camera, speakers, and microphone. To help ensure the integrity of the learning experience, **smartphones are not permitted**.

Don't miss out on this unbeatable training offer!
