

Construction Sector Training Programs

We know our training works. More important, so do others. As Ontario's designated occupational health and safety (OHS) training centre, we have trained hundreds of thousands of workers, supervisors, joint health and safety committees, health and safety representatives and others over the past three decades. While our training is delivered in every sector of the economy, we also offer a complete line of programs suited for the construction sector. With more than 200 ready to deliver training programs we are well positioned to help your work site comply with the many training requirements mandated by health and safety law. Much of the training we offer can also be used for general workforce training and as part of your overall workplace due diligence strategy.

Many WHSC programs are scheduled to run at various times throughout the year in a community near you. Or, we can work with you to organize the delivery of one or more training programs at your work site or training facility.

Here's a partial list of OHS training essentials for those employed in the construction sector.

Meeting Specific and General Duties to Train

Awareness Training for Workers [3 hours]
 Basic Certification Training [4 days] *
 Certification Part II – Construction [5 days]
 Chainsaw Operator [6 hours]
 Confined Spaces – Construction [6 hours]
 Cranes, Hoists and Rigging [6 hours]
 Elevating Work Platform Operator [8 hours]
 Ergonomics: Recognizing Injuries, Risk Factors and Design Principles [6 hours] **
 Fire Watch [6 hours]
 Forklift Operator [8 hours] *
 Forklift Operator - Mid-Term Evaluation [1 hour]
 Globally-Harmonized WHMIS [2-3 hours]

Hazardous Waste [12 hours]
 Lockout (Manufacturing) [6 hours]
 Mini Excavator Operator [8 hours]
 Propane for CH-02 ROT [6 hours]
 Propane Handling, Storage and Use [6 hours]
 Rough Terrain Forklift Operator [8 hours]
 Rough Terrain Operator - Mid-Term Evaluation [1 hour]
 Skid Steer Operator [8 hours]
 Supervisor Health and Safety Training [6 hours]
 Worker Trades Committees [3 hours]
 Working at Heights [6.5 hours]
 Workplace Inspections [3 hours]
 Workplace Investigations [3 hours]

...2

Hazard Awareness Training

Individual hazard awareness programs are delivered over a three hour session. When bundled, three separate programs can be delivered during a one day session. Each program is designed to satisfy the Part II Certification workplace-specific hazard training requirement, where work sites opt to take a more customized approach. Each is also suitable for general workforce training.

Adhesives	Manual Material Handling *
Aluminum	Moving Machine Parts *
Asbestos	Multiple Chemical Sensitivity
Compressed Gas *	Noise *
Confined Spaces *	Oxidizing and Reactive Agents
Critical Incident and Post Traumatic Stress	Personal Protective Equipment *
Dust and Fibres	Physical Hazards (of construction)
Electrical Hazards *	Pressurized Systems
Elevating Devices	Propane Handling, Storage and Use
EMFs and Dirty Electricity	Roadway Work
Emergency Preparedness & Pandemic Response Plans *	Solvents
Fire and Explosion	Spray Painting
Flammables and Combustibles	Stress in the Workplace
Forklift Trucks	Transportation of Dangerous Goods
Formwork Hazards	Trenching Hazards
Glass Handling	Vehicle Driving Hazards
Hand Tools *	Vehicle Emissions
Heat and Cold Stress	Vibration
Heavy Mobile Equipment & Traffic Control	Walking and Working Surfaces *
Hours of Work	Waste Disposal
Infectious Diseases	Welding Hazards *
Isocyanates	Work Design
Lighting Hazards	Work Organization
Lockout *	Working at Heights Awareness *
Man-Made Mineral Fibres	Workplace Violence and Harassment **
